ABSTRACT

The Bellevue Community College (BCC) Service Area 2000 Data Book includes the following demographic information on the BCC Service Area: total population; race and ethnicity descriptive statistics; Hispanic and Latino population demographics; age and gender distributions; household data; and the service area zip codes, areas, and school districts. Following the introductory section are separate chapters on each of the following Washington counties, cities, or towns: King county, Seattle-Bellevue-Everett, Bellevue city, Beaux Arts; Clyde Hill, Eastgate, Issaquah City, Mercer Island City, Medina City, North Bend City, Sammamish City, Snoqualmie City, Snoqualmie Pass, Skykomish Town, Yarrow Point Town, and Hunts Point Town. This information was drawn from the 2000 U.S. Census and contains data for demographic, social, economic, and housing characteristics. (RC)

INTRODUCTION

Bellevue Community College (BCC) service area data is based on the US Census 2000. Data from each BCC service area zip code was extracted from Summary File 1 (SF 1), 100 percent data, Matrices: P1, P3, P4, P8, P12, P15, P16, P17, P31, P32, P33, H1, and H13. SF 1 is a 100 percent response to the short form from all people about every housing unit. This is not a sampling. Items covered include population: race, age and gender; and housing: units, households, and family characteristics for the entire population.

A complete listing of current BCC service area zip codes can be found on page 33, Table IF-1. Zip codes 98074 and 98075 were created from zip code 98029 after the 2000 Census reporting period. Tables with zip codes will not reflect this change; however the data is included under zip code 98029. Also, zip codes 98019, 98033, 98034 are no longer in the BCC service area and are not included. Most of the zip codes have routes, but there are some without a mappable route. These are post office boxes or a caller service for business or institutions.

Section IB Race depicts the "One Race" category of the US Census for the BCC service area. These are people of color who describe themselves as being of one race. If someone claims more than one racial identity then they will not be in this count. The "2 or more" race category is listed in Table I-1 on page 3 under RACE. Also excluded in this count are Hispanic or Latinos since this group is not a race. Section IC covers this group.

Beginning with Section II are the demographic profiles of King County, and the cities and towns in BCC's service area. These profiles were provided from the US Census 2000. Each section contains data for demographic, social, economic, and housing characteristics.

Please direct your comments, inquiries, and questions to Cora Nixon, Research Analyst, Bellevue Community College Office of Institutional Research, 425.564.5070 or email : cnixon@bcc.ctc.edu.

US Census 2000 report: Summary File 3 for BCC service area will be coming out shortly. It is a detailed sampling of the long form sent to selected households.
